

Statistics prove that a smart technology trained agent can provide far greater marketing results!

MARKETING YOUR HOME

As a marketing agent I have many tools at my disposal! The following are some of the marketing techniques I utilize.

Perform an automated "Fax-Polling" to area Real Estate offices.

Place your home on the Multiple Listing Computer Service used by all Realtors.

Create a interactive fax-back link, allowing 24 hour, client home information retrieval.

Place your home on two Internet sites.

Provide banking & closing assistance.

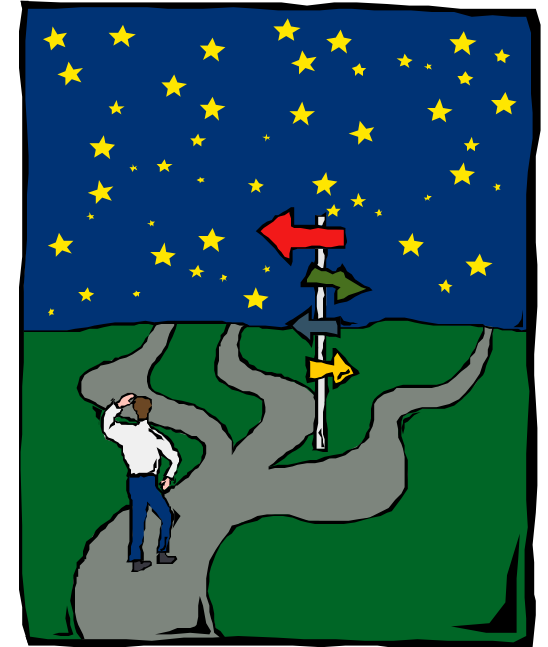

Create marketing brochures and community highlight material for marketing your home.

- *Use Target Data-basing to reach potential buyers of your home.*

WHAT ELSE DO I DO?

As a marketing agent I use the latest technologies to market a home. Call me for a personal interview and I will explain my marketing technique's.

THE PROBLEMS OF SELLING A HOME
